

LONG YEARS AGO

July 31, 1903

On Monday about 2.00 a.m. the fire alarm was sounded and the general store of N. Boehmer was destroyed with a total loss of about \$8,000.

Haying has begun in earnest and farmers are delighted with the crop.

D.M. Weber will have an auction sale at Fairview Ranch, two miles south east of Didsbury, on Aug. 4.

It is reported that nets are being used in the Lone Pine creek for catching fish and the people of the community feel that it should be stopped.

At a meeting Tuesday evening to arrange for holding an agricultural fair it was decided to hold a fair and organize the fair association. The following officers were elected: President, Thomas Vance; 1st vice-president, C.F. Rennie; 2nd vice-president, J.B. Shantz; secretary, J. E. Stauffer; Treasurer, Wm. Rupp.

DIDSBURY FAIR IS ONE OF BEST TO BE HELD BY SOCIETY

Over 500 Entries In The Various Classes

The fortieth annual Exhibition and Sports of the Didsbury Agricultural Society, which was postponed on July 18th on account of inclement weather, was held Wednesday, July 25th and one of the largest crowds on record thronged through the gates during a perfect afternoon provided by the weather.

Over 500 entries were made in the various fair classes, and the exhibit of livestock was exceptionally good this year.

The sports program was disappointing to many who were more interested in this part of the fair than they were in the exhibits, but this was partly due to the fact that when the fair was postponed, a number of events had to be cancelled on account of participants being scheduled to go elsewhere.

The baseball tournament provided some excellent games and the Penhold team won first prize, while Didsbury took second money.

In the harness races there were only three entries, with Jim Calhoun winning a colt to make up the fourth entry. Prairie King owned by Jim Calhoun and driven by H. Gillrie took first in the three heats, with Maud King, owned and driven by D. Sinclair winning second, third and second, respectively.

Prizes in the running races were won by Jim and Ranold Johnston.

Children's races and a bicycle race provided keen competition for the younger folk.

To wind up the day's events, a dance, sponsored by the club clubs, was held in the Opera House.

W. J. MCCOY WINS CALF RAFFLED BY LIONS CLUB

W. J. McCoy of Didsbury won the purebred Hereford calf, donated by Ed Klinek, and raffled off Fair day by the Didsbury Lions Club.

STANDING OF WEST DIDSBURY CALF CLUB AT CARSTAIRS

Following is the standing of the members of the Didsbury West Calf Club at the annual sale of the Carstairs, Madden, Avondale and West Didsbury Calf Clubs held at Carstairs on July 18th:

1. Donald Robertson; 2. June Klinek; 3. Leonard Luft; 4. Kenneth Worthington; 5. Denis Worthington; 6. Gordon McNaughton; 7. Glenn Luft; 8. Gordon Luft; 9. Margaret Klinek; 10. Tom Swanby; 11. Donald Blaine; 12. Elmer Luft; 13. Jean Krebs; 14. Vera Blaine; 15. August Luft; 16. Jim Novaclure; 17. Denyce Haener; 18. Michael Haener; 19. Mildred Luft.

NOTES FROM THE EAST

All those attending the Didsbury annual Fair reported having spent a very enjoyable day. The exhibits were very good, especially the garden vegetables and flowers, which were exceptional for such a late season.

The Lone Pine district was very well represented at the Fair Women's Week at Olds. Mrs. Jenkins, Mrs. Hughes, Mrs. Richardson, Mrs. Coates, Mrs. Eckel and Mrs. Pross took in the week, while Mrs. Walter McCulloch and Mrs. Floyd Ahlgrim attended the banquet and concert on Thursday evening.

Mrs. Fred Nelson and family are holidaying with her father, Hugh McLean. Fred Nelson spent Sunday with Mr. McLean and his family.

Mr. and Mrs. Louis Kohut, Mr. and Mrs. Ed McNeil, Mr. and Mrs. John Kohut, Miss Louise Kohut and Miss Mary Koss spent Sunday with Mr. and Mrs. Charlie Kohut.

Mr. and Mrs. Otto Blittner and family were Sunday visitors with Mr. and Mrs. James McCulloch.

During the thunder and lightning storm on Saturday, July 28, Mr. Nunnmer of Stewart School district lost three cows killed by lightning. Also, Mr. James McCulloch had a heifer killed. It was a very severe storm and we were all thankful there was no hail along with it.

Bill Jenkins has been holidaying with his parents for the past week. Oswald and Una took Bill back to turner Valley by car and Una is staying in the Valley with friends.

Miss Mary Koss has been visiting with her sister, Mrs. Charlie Kohut.

The next W.I. meeting will be at the home of Mrs. Sam Elliott. Do not forget your table bouquets, also pot luck lunch. All ladies welcome.

Don't forget the dance at the Lone Pine hall on Friday, August 3rd. Rocky Mountain Orchestra.

Mr. and Mrs. Mackie and son Jimmie of Arrowood, the latter having just returned from overseas, spent the week end with Mrs. Macie's sister, Mrs. Joe Clark.

BUSY BEES MEET AT HOME OF MRS. JOE RINDAL

The Busy Bees met at the home of Mrs. Joe Rindal on July 24th, with eight members, four visitors and a number of children present.

A picnic out in the woods was enjoyed by all. The afternoon was spent visiting and knitting. A delicious lunch was served by Mrs. Waldroff and Mrs. W. Jahnke, and a pleasant afternoon ended.

The next meeting will be at the home of Mrs. E. Jahnke on Aug. 8.

ANNUAL CONFERENCE WOMEN'S INSTITUTES HELD AT DIDSBURY

Was 25th Conference To be Conducted by W.I.

The Didsbury constituency of the W.I. held their annual conference here Saturday, July 24th, in Knox United Church, with over 60 members and visitors present.

As this was the 25th conference, Mrs. A.L. Hogg, who was in the chair, introduced the former conveners, Mrs. Huget of Olds; Mrs. Pearson, Mrs. Boyce of Carstairs; Mrs. Hoesgood, Mrs. Eckel and Mrs. Himmelreich. Mrs. Parker was absent due to ill health. Mrs. Pearson is in California, and Mrs. Deardrick, the first convener, has passed on.

After a short talk by Mrs. Hogg, the secretary-treasurers of the various Institutes gave their reports, followed by the conveners of standing committees.

Mrs. McGorman of Penhold, district director, was present and spoke on the "Value of Discontent" to aim high in all things.

It was decided at this time to hold district conference the year there is no provincial convention, the first one to be held in the spring, possibly at Red Deer.

Mrs. Morton of Vegreville, the provincial president, was present and gave a splendid and inspiring address. She reviewed the war work done by the Alberta W.I.'s in the last year and stated that the Christmas Cheer Fund amounted to \$1086; Jan Fund, \$2400; Ditty bags in two years, 2500; Jorkins 440; Quits were sent and seeds for Britain 187; babies' layettes 57, and 120 refugee outfits, the value set on these articles was a total of \$50,000 for two years. She gave as her slogan The Everlasting Team Work of Every Blooming Soul.

She suggested we work for libraries, community centre, improvement of farm conveniences, and not be satisfied till every farm woman is an institute member.

Mr. Austin then addressed the gathering, explaining what the Legion is planning to do for a memorial to the war.

He congratulated the (Continued on page 5)

WARD FAMILY REUNION

The family of Mrs. Margaret Ward, Portland, Oregon, gathered Sunday, July 22 at the home of her daughter, Mrs. C.I. Westfall, for a family reunion. Mrs. C.I. Williams of Ponoka, Mrs. G.E. Rudberg of Portland, Ore., Mr. C.P. Ward of Calgary, Mrs. C.W. Westfall of Carstairs; twelve grand daughters, four grandsons and one great grandson were present.

Miss Betty Klinek has been successful in winning a Mount Royal College Entrance Scholarship of \$50, to be applied on tuition fees and books for the coming year, according to word received from Mt. Royal College, Calgary.

FALLEN TIMBER NOTES

Mrs. Georgina Holt and Mrs. Hilda Griffin who have been visiting their parents, Mr. and Mrs. George Hone, have returned to their home at Los Angeles, Calif.

Camp meetings, picnics, sports, etc. seem to be the order of the day. We noticed on the street of Didsbury the other day among other fallen timbers, Mrs. Cliff Montgomery, Mrs. Ed Berscht and Mrs. Sid Wright.

Crops in this district although late are looking well and not much hail.

Joe Teynor attended the model T races at Olds last Saturday and says they were the best ever.

Mud on the Burma road does not stop weddings; one just past and another in the offing. Love laughs at locksmiths (and bush trails).

John Howton made a week end trip to Calgary and returned with his wife who has been visiting her parents for a few days.

Walter Unger is hauling lumber from the McGaffin and Howton saw mill.

Clint McMullen of Cappon returned with a load of 3rd siding procured at the same place.

Elias McQuarrie is busy summer-fallowing, and Bill Dick is haying.

Albert Howton of Calgary is spending the vacation with his aunt Mrs. Bill McGaffin.

The past week being dry has saved the faces (to use a jap term) but our road officials to a certain extent.

Rev. Mrs. C.B. Moore of Calgary will hold her regular services in the First United Church house at one o'clock in the afternoon.

REBECCA ACTIVITIES

Nine Rebeccas spent the afternoon of July 26th at the home of Mrs. Earl Baughman. No hands were idle what with pulling and carding wool, crocheting around face cloths and making a baby quilt.

Many thanks are extended to Mrs. Baughman for the donation of two fleeces of wool with which to make more quilts.

The next meeting is to be held at the home of Mrs. Arthur Waldroff on August 15th.

Lunch was served by Mrs. Baughman and was enjoyed by all.

Miss Barbara Sutton of Bergen was visiting the Hoesgoods last week and Mrs. O. Anderson was a visitor with Mr. and Mrs. L. Krebs.

Mrs. J. Hughes is visiting her sister at Penhold, B.C.

Mr. and Mrs. E. Simpson called on Mr. and Mrs. A.L. Hogg on Sunday.

Congratulations to Mr. and Mrs. Cecil Brown, who were married in Calgary on Saturday, July 21st.

Mrs. Brown, nee Millie Broadhurst, is with the RCAF and is stationed at Vancouver.

Mrs. Ruth Eckel spent last week at Olds except for Wednesday, attending the Farm Women's week.

Mrs. Hogg was up for Wednesday and Thursday. Mrs. E. Parker who went up Monday, returned Wednesday on account of ill health.

Miss Mildred Brown, who has been visiting at the Davies home, attended the banquet at Olds on Thursday evening, there being the largest crowd present at any time.

Quite a sensation was caused at the Bottrel Stampede when Billy Johnson, 15-year-old boy of West Cremona, won the finals in the bronc riding contest with saddle.

Billy put up a hair-raising ride on Jack Hammer to win first money. This old out law had previously dumped several good American cowboys at the Calgary Stampede.

The Elktion Willing Workers decided not to meet till the second Wednesday in August, which will be the 8th, and the place of meeting will be decided Wednesday.

CREMONA NEWS NOTES

Mr. and Mrs. Willard Franklin of Cremona wish to announce that their wedding date will be held in the Cremona hall on August 8.

Those recently returned to the Cremona district from overseas are Kenny Brian, Jimmy Thompson and Eric Atkins.

Excavation has begun on the new "Woodman Hall" in Cremona.

FUNERAL SERVICES FOR J. A. THOMPSON AT KNOX CHURCH

Came to Didsbury From Regina Eight Years Ago

James A. Thompson, 66, died in the Didsbury hospital Friday, July 27th following a two months' illness.

Born in Toronto, Mr. Thompson came to Didsbury from Regina eight years ago and was manager of the North End Lumber Yards.

When Mr. Cassidy took over the lumber yard early in 1934 Mr. Thompson continued with the firm.

An active elder of Knox United Church, Didsbury, Mr. Thompson was also a life member of the Red Cross, and a member of Roanville Lodge No. 61, A.F. & A.M., and his passing is mourned by his many friends and acquaintances in the district.

Surviving are his widow, Charlotte, Didsbury; three sons, F.O.W. D. Thompson, New Brunswick, F.O. G.L. Thompson, overseas with the RCAF; J.G. Thompson, Regina; four daughters, Mrs. E.M. Ballantyne, Fleming, Sask.; Miss H. J. Thompson and Miss Grace Thompson, both of Regina; Lt. Clota, with the American Nursing Corps overseas; one sister, Mrs. R.G. Green, Paradise, California.

Funeral services were held from the United Church, Didsbury, Tuesday, July 21st, at 2 o'clock with Rev. D. Whyte Smith officiating.

Masonic services were conducted at the graveside by members of the King Hiram Lodge No. 21, A.F. & A.M., and interment followed in the Didsbury cemetery.

Didsbury Funeral Home was in charge of funeral arrangements.

HARMATTAN NEWS NOTES

We are pleased to hear that Albert Siddon was well enough to have been home on a ten-day visit.

We extend our sincere sympathy to Mr. and Mrs. A.W. Johnson and family on the death of Mrs. Johnson's mother, Mrs. Cotton, who has been ill for some time.

The M. Armstrong and Jack Wilfong families are holidaying at Banff.

Miss Lucy Mann of Calgary is visiting her sister, Mrs. A.M. Smith.

Glen Lindsay is around again after having the flu.

The Pick of Tobacco

Peace And Plenty

IT IS BECOMING APPARENT that the old axiom regarding "peace and plenty" does not apply in these times and that the end of the war in Europe has been marked by very little relaxation of wartime restrictions in buying. On the contrary, it has been made clear that we may expect even greater restrictions in some lines. Regulations affecting food are probably of the greatest concern to most people, and food rationing has no doubt caused some inconvenience. However, it cannot be said to have caused any real hardship here and even should it become necessary to increase the scope of the present system of rationing, the people of Canada would still be able to secure sufficient food for a more than adequate diet. When we compare our lot with that of people in other countries, and particularly when we contemplate conditions in liberated Europe, we cannot fail to realize how fortunate we have been in respect to food supplies.

Many To Share In Undertaking

It should be remembered that any sacrifices we may be asked to make will be for the purpose of making food available for the starving people of Europe. It should also be remembered that we are sharing in this undertaking with Great Britain, the United States and the other Allied nations who are in a position to help. Contrary to some reports which have circulated here, food from the Allied nations is not being sent to the people of Germany. They have been made fully responsible for their own food production and it has been made clear that they will receive no outside help in this matter. The low standard of living which prevailed in Europe during the years of the German occupation resulted in widespread malnutrition among the people there, and there is great need now for sufficient supplies of nourishing food to restore them to health. We can help in this great undertaking by cheerfully making whatever sacrifices that may be required of us for this purpose.

Shortages In Other Lands

We are reminded that other countries will also experience acute shortages during the rehabilitation period. Throughout the war the people of Britain have had rationing on a much more extensive scale than any which has been introduced here. Instead of an easing of restrictions, however, there has been a reduction in food rations there since the end of the war in Europe. These include a decrease in the meat ration from 116 to 100 pounds per person a year, a reduction of 200,000 tons in the yearly supply of sugar, and a decrease of 550,000 tons in fats and oils. Canadians are familiar with the shortage of meat which has existed in the United States for some time now, and we are also aware of other food shortages there. In view of all this it is clear that we can expect no return to peace and plenty here until conditions throughout the world are greatly improved.

Fought Grim Battle Has Been Dismantled

But Work Of British Minesweepers Got Little Publicity

The saga of the long, little-publicized struggle of British minesweepers during the war in Europe in which they swept up a total of 15,000 mines has been disclosed by the Admiralty.

The cost of this grim silent battle was 237 vessels. Of these 99 fell victim to mines and 68 to attacks from the air.

German minelaying, which on the night of May 1, 1941, less than a fortnight before the German assault in France, blocked five British and three French ports—Sunderland, Hartlepool, Middlesbrough, Birkenhead, and Calais and Boulogne—had at the outbreak of war to be countered with 36 minesweepers and 49 trawlers.

Today, the statement said, 1,350 minesweepers fly the British colors.

The seagoing personnel of the service has similarly increased from 2,000 at the outbreak of the war to 50,000 now.

In September, 1939, the Germans' first air raid shelter was built in which were believed to have been the command.

Entrances to the Royal fleet were closed to start their offensive. The first fields were mined through a special door in the rear. In the area of the Hammer, on the left of the building, guarded by special forces, east coast. Toward the first December of war, mines also appeared as far south as the Channel.

port of Dover, while German planes laid magnetic mines in the English Channel. A Mr. Freeman, who approaches to the Thames, to Bristol and off Swansea, on the coast of the South Wales.

In January, 1940, mines reached of an outbreak, which explains why the mine field of the Dover Straits was identified only as "a" shipping, but after that British Mrs. Freeman.

counter-measures took effect.

Birds have four kinds of feathers: flight feathers, clothing feathers, downy feathers, and thread feathers.

Price Control And Rationing Information

Q—I am a farmer and will have temporary help for about ten days. Will I be able to obtain rations for his meals?

A—Farmers and other rural dwellers who employ extra help for periods of less than two weeks for specific and definite purposes, such as harvesting, haying, etc., may apply to their Local Ration Board for transient labour rations. However, applications covering less than 12 meals in all will not be granted rations. Where transient labourers are receiving all of their meals from the applicant, coupons are to be granted on the basis of five meals per man per day.

Q—Are summer cottages under ration control?

A—Summer cottages may not be rented for more than the amount charged during the summer of 1941. Any cottage being rented for the first time must have the rate fixed by the rental administration of the Prices Board.

Q—How many coupons should a hotelkeeper collect from a guest staying one month?

A—A hotelkeeper collects three butter coupons, one sugar coupon and two preserve coupons for every four-week period.

Q—Since the cut in the sugar ration, how much is each coupon worth?

A—Every valid sugar coupon is good for the purchase of one pound of sugar, and every valid preserve coupon is good for the purchase of half a pound of sugar. The sugar ration is cut by postponing the valid date of certain coupons.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Price and Trade Board office in your province.

SMILE AWHILE

Grocer—"These are the best we've had for years."

Bride—"Well, send me some you haven't had quite so long."

Smith—"How is your wife getting along with her driving lessons?"

Jones—"Fine. The road is beginning to turn now when she does."

Elsie: What kind of a husband would you advise me to get, grandma?

Grandma: You just leave husbands alone and get yourself a single man.

Actor: "I always aim to be the cheater. I play, so I should like real food and drink in that banquet scene."

Theatre Manager: "Then I suppose you will want real poison in that act where you bump yourself off."

Mrs. Johnson (learning to drive): "Henry, that little mirror up there isn't set right."

Hobby: "Isn't it?"

Mrs. J.: "No. I can't see anything but the car behind!"

"It appears to be your record, Jim," said the judge, "that you have already been before this court 15 times."

"I guess that's right, your honor," answered the tramp; "none of us are perfect!"

Tom: Look at that sign.

John: What does it say?

Tom: It says: "Ladies ready to wear clothes?"

John: Well, it's nearly time, isn't it?"

"What's the fundamental difference between a man and a woman?"

"A man will pay \$2 for a \$1 article he wants, while a woman will pay \$1 for a \$2 article she doesn't want."

Young Private Jones slunk on to the parade ground ten minutes late.

The sergeant glared, then said, with a scowl: "So you have decided to come on parade. We were afraid you had signed a separate peace!"

"What are you turning around for, John?"

"I've just discovered we've come five hundred and ten miles since morning; we'll have to turn back to the five hundred mile mark and change the oil."

A big battleship sinks in and breathes out enough air each twenty-four hours to equal half her own weight in the water—48,000 tons.

Kept His Promise

Charity Benefits Because Of Strangle Offer By One Londoner

Due to an anonymous man's strange and generous offer, the family of some soldier, sailor or airman will benefit by more than £100 (approximately \$150) from the Soldiers', Sailors' and Airmen's Families Association Fund.

When the V-bomb attacks were at their height in July last year this man told his family he was prepared to pay £5 to war charities for every week of danger so long as his house, family, office premises and staff remained safe. He did this for 41 weeks.

A few days before the end of London's rocket ordeal, a V-2 landed within 100 yards of his house, causing some damage. But this man decided that, since other homes in the neighborhood were completely wrecked, such a trifling matter as his own ceilings, roof and windows must not be allowed to make him break his promise.

He sent his cheque to the S.S.A.-F.A. with the request that it be used to help toward the education of a service man's child or to help a war widow.

Now's the Time for Cherry Treats

Enjoy this easy one!

CHERRY ALL-BRAN MUFFINS

1 1/2 cup shortening 1 teaspoon salt
1 1/2 cup sugar 1 tablespoon
1 egg baking powder
1 1/2 cup sifted flour 1 1/2 cup Kellogg's
1 cup milk All-Bran
1 cup chopped sweet cherries

Blend shortening and sugar together well. Add egg, beat well. Sift together flour, salt and baking powder; add All-Bran. Add the first mixture alternately with milk. Fold in cherries. Fill greased muffin pans two-thirds full; bake in moderately hot

oven (350° F.) about 25 minutes. 10 medium size muffins.

NOW, while cherries are at their ripest, sweetest, best, bring on a plate of hot cherry All-Bran muffins. You'll love their soft, light All-Bran texture and the mellow, nutty All-Bran flavor that is so heavenly perfect with the tangy-sweet cherries. Clip the recipe and get Kellogg's All-Bran at your grocer's today. 2 convenient sizes.

Helps keep you regular naturally.

Kellogg's All-Bran

PEACE AND QUIET BY THE ACRES

Twenty-two acres of peace and quiet set in the midst of green lawns, luxuriant trees and flowers, and acres of fresh fruits and vegetables is the popular service-women's centre at Oakville, Ont. It was established last January specifically for women of the three services, Wrens, CWACs and W.D.s, and is designed to offer rest and relaxation. The training officer is Capt. Betty Anderson, of Edmonton, Alta., who supervises physical fitness classes for patients and staffs; military discipline is kept at a minimum. Nobody wants to "murder the bugler" at Oakville, for patients are allowed to sleep in morning until ten o'clock, unless they are slated for a P.T. class or for light housekeeping duties. The daily program of activities open to them includes handicraft instruction; dancing classes; swimming lessons in the Centre's own pool; bicycle trips, movies and educational films and current affairs discussion groups. Dances are held frequently, with the guests invited from other service centres. Most of the servicewomen spend from three to four weeks at the Health Centre and there find the rest and relaxation they need.

PROMOTED—

Cpl. Avis Spencer, daughter of Mrs. Alma Spencer, Saskatoon, has recently been promoted to the rank of sergeant in the Canadian Women's Army Corps. Sgt. Spencer enlisted in October, 1943 and following her basic training took a clerk's course in Winnipeg. She is now employed in the Quarters Room of the Directorate of Medical Services, N.D.H.Q.

A brother, L-Cpl. Russell Spencer is serving in the Provost Corps of the Canadian Army.

ENLISTED—

Several girls, mainly from rural Saskatchewan, enlisted in the Canadian Women's Army Corps at Regina recently. Included among them were: Bernadette Gervais, Estevan; Irene Pirani, Moose Jaw; Rebecca Fetterley, St. Albert; Ruth Nordstrom, Camrose; Mildred Sandberg, Cutknife; Dorothy Davenport, Cutknife; Anastasia Ackerman, Denzil.

CITADEL, CANADA—

The first group of girls ever to belong to the Royal Canadian Artillery, the Anti-Aircraft Operations Room CWACs at historic Halifax Citadel, has been disbanded. Once so menacing, danger from the skies no longer threatens Canada and the work of the girls as platter telephonists is done. Although they never sighted an enemy plane the girls kept a ceaseless vigil from within the Citadel for three years of war. It was not until Germany was crushed and the battle of the Atlantic relegated to the history books that the Citadel CWACs took off their headphones, powdered their noses and called it a day. Now they are being posted to other duties in various parts of Canada. Tradition was shattered and cobwebs precedent tossed into the discard when in Sept. 1942, Lieut. E. Greenberg, Winnipeg, and her group of 14 CWACs moved into the Citadel to help the artillery.

men in their vital task of guarding the skies. For the first time in its long career the Fortress housed women "gunners". Among the Western girls stationed at the Citadel were: Gens. M. P. Barkley, Lethbridge; E. L. Dombrowsky, Calgary; B. W. Douglas, Regina; E. Ellis, Winnipeg; D. M. Joyce, Winnipeg; M. D. King, Winnipeg; E. M. Malpas, Calgary; D. I. McHugh, Winnipeg; F. L. Sandstrom, Calgary; and E. A. Redhead, Calgary.

SHELL, SAY IT EVERYTIME—

Penelope CWAC: Wouldn't I, and to think I'm just a medical away from it!

NEW MIRACLE DRUG

Being Used In Topeka Hospital For Healing Of Wounds.

A new drug made from chlophyll, the coloring matter which makes plants green, is performing "curative miracles" in an army hospital at Topeka, Kansas, according to Oliver E. Ebel, secretary of the Kansas medical society. He said the drug "will stop the drainage of wounds and is one of the most potent ever discovered in the healing of wounds."

GEMS OF THOUGHT

WORLD PEACE

The next great task of humanity is not deliverance by the sword but deliverance from the sword.—David Lloyd George.

Our whole social life is in essence but a long, slow striving for the victory of justice over force.—John Galsworthy.

Ah! when shall all men's good be each man's rule, and universal peace.

Lie like a shaft of light across the land.

And like a lane of beams athwart the sea?—Tennyson.

War will never yield but to the principles of universal justice and love, and these have no sure root but in the religion of Jesus Christ.—William Eliot Channing.

The peace of Lewy is published, and the sword of the Spirit is drawn; nor will it be sheathed till Truth shall reign triumphant over all the earth.—Mary Baker Eddy.

No matter what we have undergone and suffered, we must try to forgive those who injured us and remember only the lesson gained thereby.—Madame Chiang Kai Shek.

TOOK IT EASY

"Michigan Woman Still Strong and Active at 96." Of course, says the Windsor Star, further examination of the newspaper item discloses that the 96-year-old lady has never done anything except cook, wash, iron and bring up eight kids, so she hasn't worn herself out like people who go in for society.

Among the Romans, fire-towers and signal lights played an important part in military campaigns.

Interesting History Of The Famous Hot Mineral Springs Located At Banff, Alberta

(From Agricultural And Industrial Progress)

THE death, a short time ago, of William Henry McCardell, aged 83, one of the old-timers at Banff, Alberta, recalled the discovery of the famous hot mineral springs, known to visitors from all over the world. McCardell first visited the Cave and Basin Springs in November, 1883, and the Upper Hot Springs the following year. The presence of hot springs in the neighbourhood of Banff had been noted long before this, however, by missionaries, explorers, fur traders and trappers. But McCardell and his partners apparently were the first to realize the therapeutic possibilities of these springs and to begin planning for their development and use.

The occurrence of hot springs issuing from the earth will always be a matter of some mystery and fascination. There are, of course, scientific explanations for this phenomenon. One is that the water in many hot springs is of surface origin, gets into the ground and rocks in various ways, is heated by rocks at some depth, and finally escapes back to the surface. Another is that many hot springs have their origin in the magma or hot liquid strata beneath the earth's crust and encounter their way to the first time upon reaching the surface. In the case of the hot springs at Banff, it is considered that these were created by chemical action, that is, by the oxidation of iron pyrites forming sulphuric acid (H₂SO₄). Quantities of these iron pyrites in Sulphur Mountain and show on the exposed parts along its eastern side. It would appear that perpetual decomposition of the iron pyrites is taking place on a scale sufficient to maintain the temperature of the water at its present level.

Regardless of scientific explanations, visitors to the hot mineral springs of Banff are apt to let their imagination weave legends about the origin of the streams and the purpose for which they were created. No doubt the Indians had many such legends. According to one, the Cree Indians gave these springs a wide berth. They had seen the hot water issuing from the foot of the mountain, vapour rising from the hole at the top of the cave, and had smelled the sulphurous odour. To them it was the abode of evil spirits who lulled forth at night the light of high revelry on the mountain above. But the Stoney Indians who later occupied the region must have learned something of the medicinal value of the springs for they were making use of them long before the first white men penetrated the mountain barrier. Today, what once might have been regarded by some superstitious Indians as a place of evil spirits, has become the rendezvous of "water nymphs"—the modern type in brightly-colored bathing suits.

During the war the hot mineral springs at Banff have been used extensively by members of the Armed Forces. Airmen from many parts of the Commonwealth, stationed at airfields in Alberta have spent most of their leave periods in the national parks and have been enthusiastic patrons of the baths. While there has been a considerable decrease in visitors to Banff National Park as a result of wartime restrictions on travel, the actual number of visitors to the hot mineral springs shows an increase. The bathing facilities at the Upper Hot Springs were used by 69,000 persons in the fiscal year ended March 31, 1944, an increase of 20,647 over the previous year, and the Cave and Basin Springs recorded 49,561 visitors an increase of 6,137 over the previous figures.

It was the discovery of the hot mineral springs at Banff that provided the inspiration for the establishment of Canada's present national parks system. The comparatively small area of ten square miles around these hot springs set aside for public use in 1885 was the beginning of a chain of national parks which now stretches from the Selkirk Mountains in British Columbia to the Atlantic seaboard in Nova Scotia. Hot mineral springs also occur in two of Canada's other national parks in the Rockies and Schist. The Miette Hot Springs in Jasper National Park, Alberta, have a temperature of 126 deg. F., but the water in the pool is kept around 100 deg. F. and the temperature of Rejuvenation Hot Springs in Kootenay National Park, British Columbia, is 114 deg. F. This compares with a temperature of 92 deg. F. of the Cave and Basin Springs and 112 deg. F. in Upper Hot Springs at Banff.

All of these hot springs have been developed for public use by the construction of both houses and swimming pools and provide one of the main attractions in the parks in which they are situated. To the place once shunned by superstitious Indians now come visitors by the thousands seeking health and pleasure in an alpine setting, unique in its splendour and inspiring in its beauty.

Troops From India

Compare With Finest Fighting Men In World Say Commanders

The romantic and colorful history of the Indian Army has reached its apogee during the present war. The exploits of Indian troops in France and with General Allenby in the Middle East enhanced their great tradition in the last war. In the present one Indian troops have fought against Germans, Italians, Japanese, Arabs and North West Frontier tribesmen, and experienced commanders testify that the Indian soldier compares with the finest fighting men in the world. In this war Indian troops have served in the United Kingdom, France, Italy, Tunisia, North Africa, Egypt, Syria, Iraq, Iran, the North West Frontier in India itself, and in Ceylon.

Their contribution to Allied victory has been important. "Without the assistance of India, both in troops and material," declared Field Marshal Wavell in 1943, "we most certainly could not have held the Middle East which has been a keystone to our present success." London correspondent, Ottawa Journal.

Before Device Named

Japs Asked United States For Plans Of Bomb Sight

A native Japanese attempt to obtain plans of the Norden bombsight in 1932, eight years before the device was even named publicly in America, was disclosed by Theodore H. Barth, president of the Norden Company.

Fewer than 100 Americans knew of the bombsight, Barth said, when his firm received a simple letter from a Japanese commercial enterprise asking for four copies of the plans.

The letter, and from the New York office of the Mitsubishi Company, could extend "very nice business" with the Japanese government if the sight could be exported. When the U.S. navy was told of the letter, Barth said, navy intelligence had never been informed of the existence of the device or the company which made it. At the navy's subsequent suggestion, the Japanese request was put off with a vague promise of later communications.

Norway was neutral in the First Great War but lost 1,600,000 tons of shipping and about 2,000 seamen as a result of submarine warfare.

DAINTY DRESS. Okinawa must be deep and unmythical and is not at all the thing for open toes sandals as Lee Ferguson of the American Red Cross and Waco, Tex., would assure you. But still it can be scraped off service boots with a hunting knife. So she scrapes daintily.

Hope For Handicapped

If Properly Trained And Placed Can Become Useful Workers

Even before the war the Ford company discovered that 670 operations in its plant could be performed by legless men, 2,637 by one-legged men, two by armless men, 715 by one-armed men and 10 by the blind. Clearly the opportunities exist. Clearly the disabled, properly trained and properly placed, can become useful, self-supporting workers instead of a huge army of indigent idle. Clearly industry will lose nothing by throwing its doors still wider open. And clearly our rehabilitation program should be continued and increased and improved. That alone, the nation will benefit. New York Times.

ORIGIN OF NAME

London's Piccadilly got its name from Piccadilly Hall, the home of one Higgins, a tailor, in the early 17th century. The hall, in turn, was named after merchandise. Higgins sold piccadillies, which were ruffs, or lace edgings, or stiff supports for the same.

Necessity For Expansion Of Agricultural Research In Order To Make Progress Expected

"THE agriculture of tomorrow will differ from that of today as much as ours does from that of fifty years ago. The actual progress will be made through scientific research. Canadian agriculture will make the progress the country has a right to expect, only if agricultural research is expanded and improved to deal effectively with the vital problems with which the industry is still faced, and if the results of the researches are carried through to utilization," said Dr. J. M. Swaine, Director, Science Service, Dominion Department of Agriculture, in an address on the co-ordination of Agricultural Research at the Conference of the Chemical Institute of Canada, recently held in Quebec City.

While not wishing to convey the impression that the present condition of agricultural research in Canada was perfect, Dr. Swaine declared that it was good and steadily improving, fostered by the joint policy of the Dominion Department of Agriculture and the National Research Council. The present policy would appear to be effective and it should be applied and extended wherever the need for it was felt. There was little, if any, wasteful duplication in agricultural research in Canada. There was an urgent need for a great increase in scientific work in agriculture, but there was little need at present for any concern about duplication of work.

To understand the high development in co-ordination of the research work undertaken by the Dominion Department of Agriculture, something of its nature and volume had to be known. It is carried chiefly in the Divisions of the Science Service and the Experimental Farms Service and in the Division of Agricultural Economics of the Marketing Service. The problems are concerned with the breeding, nutrition, and husbandry of plants and animals, the protection of crops and animals from pests and disease, the preservation of farm products, the chemistry and survey of soils and plants and wide fields of agricultural bacteriology, agricultural botany, and agricultural economics. The number of definite scientific projects dealt with by these staffs runs into many hundreds, and at once it might be evident that co-ordination of the work was absolutely essential.

Important problems in scientific agriculture usually require the attention of more than one science, and where desirable Departmental research problems are assigned to

C.W.A.C.s Relax

Beach Cottage Opened For Period Of Best

Complete with easy chairs, books, radios and sunburn victims, the honey little Regina Beach cottage recently detailed for "CWACs RELAX" duty was officially opened recently by Capt. Mabel Kearney, District CWAC Staff Officer. The cottage rented from the Regina Lions' Club is a comfortable four-roomed spot, tastefully furnished by CWAC Auxiliary, P.O.D.E. and Soroptimist Club donations and is expected to prove the favorite rendezvous of army girls with a free weekend.

It will accommodate up to twenty girls at a time. While there will be an officer accompanying them, army discipline will be "out" for the weekend. No reveille and no retreat, the girls will be free to come and go, as when and how they like.

The upper story of the cottage all are rooms and filled with rows of camp cots, boasts wide windows opening to an enticing view of the lake. So enticing is the view in fact that it usually leads to an earlier than usual beginning of the girls' day—they can't resist that first dip.

Most of the daylight hours are spent on the beach. They spread the rough grey army blankets on the warm sand and relax between swimming, sunbathing and an occasional hiking trip along the water's edge. It's on the beach that they acquire their "tan" to say nothing of their burns! If it proves especially inviting they buy a bunch of fish and chips and spend the whole day there.

Their main get-together is in the evening when they all gather at the cottage and cook up some of their army rations for the evening meal. Everyone helps at preparing and cleaning up after the meal and then they settle down to enjoy the long summer evening. Some of them return to the beach, others lounge about and read or listen to the radio, later on some of them attend the weekend dance or go for a long moonlight hike along the winding hillside paths.

That's a CWAC day at the beach. If they have a "48" they go to bed with the promise of another perfect "beach day" before going back to work. So far only one hand has arisen to spoil their pleasure in the summer cottage and that is their inability to settle on a name for it. They've thought of "Duck Inn", "CWAC Lodge", "Duckieville" and a dozen others, but none of them seem quite to suit. It's a problem to ponder over, but in the meantime so far as the girls are concerned, name or no name, it's a grand spot in which to spend a weekend.

On such occasions as weddings and funerals ancient customs are observed in China to such an extent that the cost keeps many families poor.

Appointments

T. H. COOPER

Announcement of the appointment of T. Harold Cooper as vice president and controller, and Charles D. Cowie as vice-president and treasurer, Canadian National System was made here by R. C. Vaughan, chairman and president. Both of the newly appointed vice-presidents have had more than 20 years of service with the C.N.R.

T. Harold Cooper was born in England and came to Canada in 1912 to join the Grand Trunk Railway. He was promoted rapidly, and in 1918 was appointed assistant to the general auditor. In 1922 he undertook special duties preparatory to the consolidation of the lines now comprising the Canadian National System. In 1937 he was promoted to controller.

Mr. Cooper is also a controller of Trans Canada Air Lines, Canadian National (West Indies) Steamships, National Railways Maritime Ltd., and the Canadian Government Merchant Marine. Mr. Cooper is also chairman of the C.N. pension fund board.

C. D. COWIE

Born in Scotland on July 25, 1887, Charles Durno Cowie came to Canada in 1908 and entered railway service with the former Canadian Northern as a clerk in Toronto in 1910. He became treasurer of the company in 1932. Mr. Cowie is vice-president and treasurer of the Canadian National (West Indies) Steamships and the Canadian Government Merchant Marine, treasurer of Trans Canada Air Lines, Grand Trunk Western Railway, and National Railways Maritime Limited.

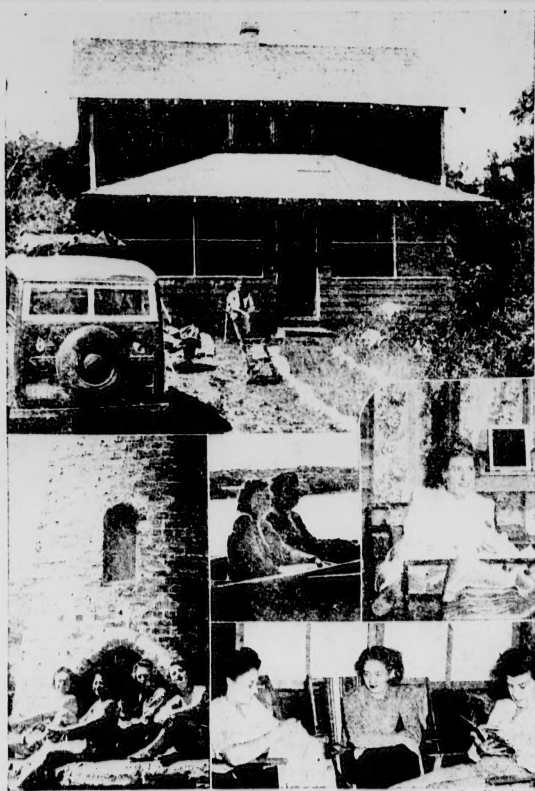

POCKETS

A child should have a pocket—On which he fairly dotes! He runs across a beetle. Or a lizard, or a toad? How eager will he be to find? What ever will he do, If he hasn't got a pocket To put them into?

SA child should have a pocket—On which he fairly dotes! Not one, or two, but many In his little waistcoat—And one will be for money He finds on the roads. And one for cake and cookies—And one for his hope-dreams—

—Susan Adger Williams.

Australia is the world's largest wool producer.

DIDSBURY FAIR A SUCCESS

The fortieth annual Exhibition and Sports of the Didsbury Agricultural Society is now over and proved to be one of the best in the history of the Society, despite the fact that it had to be postponed a week on account of rain.

The number of exhibits was large, and would have been larger had the Department of Agriculture not cancelled all swine exhibits due to a disease in the province. The cattle classes especially showed considerable improvement over last year. This is an indication that the quality of stock in the Didsbury district is improving and we are all proud of the achievement.

The only complaint heard about the fair was in the sports program. Many were of the opinion that the harness and running races should have more entries, and be run off with less delay than was done last Wednesday. Possibly this can be remedied for the 1946 fair and sports.

On the whole, however, the fair was a decided success and the management are to be congratulated on putting on such a fine show.

Regional Shorthorn Show Prize Winners

Eighty-one head of registered Shorthorn cattle paraded before the judges at the regional Shorthorn show held in conjunction with the Didsbury Fair last Wednesday in one of the finest displays of the breed ever seen in this province. This is the statement made by Fred Kennedy, writing in the Calgary Herald about the show.

Exhibitors and government officials alike declared that it was one of the best displays of top quality cattle they had seen in recent years.

Breeders from all parts of the province were present and every class was well filled. Officials of the Didsbury Agricultural Society cooperated with officials of the Alberta Shorthorn Association to make the regional show an outstanding success.

Yellowlegs Brothers of Crossfield showed the grand champion Shorthorn bull of the show, while the grand champion heifer came from the herd of Thomas G. Hamilton of Innisfail, whose excellent entry also carried off a number of first prizes.

Frank Lang of Edmonton, who placed the awards, said the quality of the bull exhibits was outstanding and were in advance of those which he had seen at one Class A fair this year.

The Shorthorn show results were as follows:

Class 64, Bull calved prior to September 1, 1943: first, Thomas G. Hamilton, Innisfail; second, Yellowlegs Bros., Crossfield; third, Thomas Dench, Chetlers.

Class 65, Bull calved between September 1, 1943, and August 31, 1944: Yellowlegs Bros., Crossfield; W.D. MacDonald, Granger; T.G. Hamilton, Innisfail.

Class 66, Senior Bull calved between September 1, 1944, and December 31, 1944: Abe Snyder and Sons, Didsbury; W. Motley, Acme; W.L. McCollister, Dalroy.

Class 67, Junior Bull calved after

January 1, 1945: T.G. Hamilton, Innisfail; Stewart Hay, Carbon; T.G. Hamilton, Innisfail.

Class 68, Champion Senior Bull: Yellowlegs Bros., Crossfield; Reserve Champion, T.G. Hamilton, Innisfail.

Class 69, Champion Junior Bull: Abe Snyder & Sons, Didsbury; Reserve Champion, W. Motley, Acme.

Class 70, Grand Champion Bull of the show: Yellowlegs Bros., Crossfield.

Class 71, Cow three years of age or over with calf at foot: T.G. Hamilton, Innisfail; W. Motley, Acme; W.L. McCollister, Dalroy.

Class 72, Heifer calved between September 1, 1942 and August 31, 1943: L.G. Kinney, Rockyford; T.G. Hamilton, Innisfail; W.D. MacDonald, Granger.

Class 73, Senior Yearling Heifer calved between September 1, 1943, and December 31, 1943: Ernest Walton, Bowden; H.W. Watt, Didsbury; A.J. Hadden, Okotoks.

Class 74, Junior Yearling Heifer calved between January 1, 1944, and August 31, 1944: T.G. Hamilton, Innisfail; T.G. Hamilton, Innisfail; Abe Snyder & Sons, Didsbury.

Class 75, Senior Heifer calved between September 1, 1944, and December 31, 1944: Stewart Hay, Carbon; Stewart Hay, Carbon; Abe Snyder & Sons, Didsbury.

Class 76, Junior Heifer, 1945 calf: Abe Snyder & Sons, Didsbury; T.G. Hamilton, Innisfail; Roy Gale, Didsbury.

Class 77, Senior Champion Heifer: L.G. Kinney, Rockyford; Reserve Champion, T.G. Hamilton, Innisfail.

Class 78, Junior Champion Heifer: Championship and Reserve to entry shown by T.G. Hamilton.

Class 79, Grand Champion Heifer: T.G. Hamilton; Reserve, L.G. Kinney, Rockyford.

Class 80, Breeder's Bull and 3 Females: T.G. Hamilton, Innisfail; Abe Snyder & Sons, Didsbury; A.J. Hadden, Okotoks.

Class 81, Two head of Calves: Abe Snyder & Son, Didsbury; W.L. McCollister, Dalroy; T.G. Hamilton, Innisfail.

Class 82, Progeny of Dam: L.G. Kinney, Rockyford; T.G. Hamilton, Innisfail; Abe Snyder & Sons, Didsbury; W.L. McCollister, Dalroy.

Get of Sire (bull and two calves all by same sire): T.G. Hamilton, Innisfail; Abe Snyder & Sons, Didsbury; W.L. McCollister, Dalroy.

CANADIAN GRAIN EXPORTS

The Canadian transportation authorities have been making plans to move out a record volume of Canadian grain for export during the next seven months. It is hoped that it may be possible to place about 250 million bushels in export during that period. Canadian wheat is required for liberated Europe. In order to meet these requirements, it is estimated that it will be necessary to ship them 28 to 40 million bushels of grain a month through Canadian ports and from 10 to 12 million bushels a month through United States ports.

Two cats intensely engaged in watching a tennis match. "Interesting game," said one. "Yeah," said the other. "My mother is in that racket."

PRIZE WINNERS AT THE DIDSBURY EXHIBITION

HORSES UNDER 1500 LBS.

Sec. 1, Mare with Foal at foot: 1st, Ranold Johnson.

Sec. 2, Dry Mare or Gelding, 3 years: Joe Fulkerth.

Sec. 3, Dry Mare or Gelding, 4 years: 1st, James Johnson; 2nd, James Johnson; 3rd, Ranold Johnson.

Sec. 4, 2-year-old Filly or Gelding: Joe Fulkerth.

Champion: Joe Fulkerth.

Reserve: Joe Fulkerth.

HORSES OVER 1500 LBS.

Sec. 5, Dry Mare or Gelding over 3 years: W. B. Parker.

Sec. 6, Dry Mare over 4 years: Harry Gibson; Harry Gibson; Bob Kershaw.

Champion: Harry Gibson.

Reserve Champ: Harry Gibson.

Sec. 13, Agricultural Team, hitched: Ranold Johnson; James Johnson.

Sec. 14, General purpose team: Ranold Johnson; James Johnson.

Sec. 15, Heavy Draft Team: Harry Gibson; Bob Kershaw; Bob Kershaw.

Sec. 16, Four Horse Team, hitched: Bob Kershaw; James Johnson; Ranold Johnson.

Sec. 17, Foal: Walter Fulkerth.

Douglas Johnson; D. Johnson.

Sec. 18, Year Old Filly or Gelding: Douglas Johnson; Douglas Johnson.

Sec. 19, 2 Year Old Filly or Gelding: Bobby Fraser.

Sec. 20, Dry Mare or Gelding, 3 years old: Douglas Johnson; Douglas Johnson.

Sec. 21, Mare with Foal at Foot: Douglas Johnson; Douglas Johnson.

Champion: Walter Fulkerth.

Sec. 32, Gents Saddle Horse exceeding 14.2: Walter Fulkerth; Walter Fulkerth; R. Fischer.

(Continued on page 5)

Rationing helps the FARMER

HERE'S NOW!

- Rationing assures everyone a fair share of scarce goods. Without rationing farmers might get all the butter they need, they might not get sugar. City dwellers might get sugar but no butter.
- Rationing helps to keep prices steady.
- Rationing has assured farmers sufficient ammunition to protect their crops and livestock.
- Rationing makes it possible for farmers to get coupons to feed harvesters and other transient farm workers.

The FARMER helps Rationing
HERE'S NOW!

- By collecting and turning in the coupons acquired against the use and sale of butter and the sale of honey and rationed maple products.
- By writing to the Local Ration Boards for application form RB 77 as SOON as they know definitely that transient labour rations will be needed to feed extra help hired for periods of less than two weeks.

Rationing is not intended to add unnecessarily to the burden of Canadian farmers who, faced with shortages of labour, materials and machinery, have continued to respond to repeated calls for greater production.

It is a protection against waste . . . shortages . . . inflation.

ONE-LEGGED KICKER IS FREED

CHARLESTON, W. Va.—Judge Harold Neff dished out justice in a hurry recently. Before him was a man accused by his wife of assault. "He kicked me," the plaintiff declared.

"Case dismissed," said Judge Neff after looking down and noting the defendant had but one leg.

AUCTION

— SALE —
OF HOUSEHOLD GOODS
Will Be Held at the Home of
A.G. STUDDER, DIDSBURY
Commencing at 1:30 p.m. on
SATURDAY, AUGUST 4th

Cream Iron Bed; Slumber King
Ostermoot Mattress; Cream Wood
on Bed; Cream Dresser; Box Spring
with overlay; 2 Mattresses, 4' x 6',
new; 4x6 Bed and Fabric Spring;
3x6 Bed and Spring; 2 Library
Tables; Electric Lamps; 2 Rugs;
6x9; High Chair; Hand Washer;
2 Extension Tables; Wash Stand;
China; Porcelain Dishes; Jugs;
Kitchen Utensils; Cream Crocks;
General Electric Refrigerator; Books;
Electric Sandwich Toaster; Trunks;
Gasoline Lights with pressure tank;
Blowtorch Lamp; Jars; One and 2
quart Sealers; Large Hand Sleigh;
Wicker Fern Stand, tin insert;
Packing Boxes; Clothes Horse; Bed
Screens; Cross Cut Saw; Sulfur
Samples (for making comforters);
Clothes Hamper; 2 Electric Fans,
8" and 12"; Westinghouse Battery
Radio with Loud Speaker; Small
Ice Tongue; 2 Bottle Coppers; Tobac-
co Cutter; Linseed Oil; Gramo-
phone Case; Flower Pots; Waffle
Iron; Lawn Mower; 50-Gal. Gaso-
line Tank; Barrel of 12-oz. Ginger
Ale Bottles; Hammo Couch; Log-
ging Chain; Small Link Chain, Etc.

TESTING THE FARMER'S SEED

(By H.G.L. Strange)
The crop Testing Plan has started
on its fifteenth year of work of
testing thousands of samples of
farmers' grains which have been
used for seeding the current crop.
These samples have been seeded
at dozens of points throughout the
Prairies, and when the heads ap-
pear, competent Plant Breeders
and Cerealsists will analyse them to
determine the variety, and to note
the admixture of other and often
undesirable varieties which tend to
degrade the crop both for
yield and quality.

The analysis of the growing crop
is necessary because few varieties
can be identified really accurately
in the kernel, but can be identified
by the characteristics of the head.

Each individual farmer will be
notified as to the results of the test,
so that he will be able to deter-
mine whether this coming fall and
winter he should secure some bet-
ter seed with which to improve
the yield and quality of his crop.

(Continued next week)

ANNUAL CONFERENCE OF WOMEN'S INSTITUTES HELD AT DIDSBURY

(Continued from front page)
women on their splendid work effort
and also on what they had done
for the new Didsbury hospital.

It was decided to send the re-
gards of the meeting to Mrs. Parker
on her return and wish her a
speedy recovery; also to send a
card to Mrs. Montgomery, the pro-
vincial treasurer, who has been in
Edmonton hospital for some
time.

Mrs. Robinson of Carstairs kindly
judged the handicrafts, first place
going to Rugby W.I.; Westcott and
Rancourt tied for second; Lone Pine
was third and Mountain View was
fourth.

Mrs. Ed Blain won \$3.00 donated
by the Blue Ribbon Co. for bis-
cuits, Mrs. Ray Good \$2.00, and
Mrs. S. Owens \$1.00.

It was decided to leave the con-
stitution fees at 40 cents; also to
leave the standing committees as
they are for another two years.

A vote of thanks was passed to
all those who entertained and who
helped in any way to make the con-
ference the great success it was.

Bryce Thompson played a piano
solo which was very much enjoyed.
A musical number by Lila McCul-
loch, Joan and Olwyn Richardson,
a solo by Miss O. Hughes, duet by
Jean Krohn and Mildred Luff,
piano solo by Winnie Owens, solos
by Miss Zook and Miss A. Haste,
together with several encores to the
above numbers, were really enjoyed,
and the convener would espe-
cially like to thank Mrs. Robin-
son of Carstairs for her efficient
judging of the handicrafts, and
Mrs. M. Woods of Didsbury for her
help in getting ready for the lunch
and clearing up afterwards.

FARM MACHINERY FOR VETERANS

An arrangement has been made
by the federal government to the
effect that returned veterans farm-
ing under the Veterans Land Act
may purchase farm implements and
machinery at a discount of 10 per
cent of regular prices and 5 per
cent, on power machinery. Appar-
ently these concessions are not ex-
tended to those veterans farming
on their own account outside the
Act. Some of the implement com-
panies, however, are extending
these discounts to such men and
it is expected that a general policy
will be arrived at by the companies
before long.

Styrene, the clearer-than-glass
plastic, will soon be produced in
Canada for the first time, at the
rate of about 500,000 pounds a
month.

MEN FOR HOME BUILDING MUST BE SECURED

Home building is highly essential to over-
come pressing housing shortages, and to pro-
vide dwellings for the Forces as discharged.

Shortages of workers for building homes and
for producing the building materials are threatening
to impede Canada's program for the construction of
50,000 homes as soon as possible.

All men experienced in home building or in
producing building materials, who are not now
working in either of these industries, are urged to
apply to the nearest office of the National Employ-
ment Service immediately.

Men experienced at home building or producing
supplies, if now in other essential work, will be
given permits to work at jobs which will assist the
house building program.

All men, not now at home building nor pro-
ducing supplies, who can fill a job in this
program, are urged to answer this call.

Apply at once at the nearest office of the
National Employment Service.

Harold Anderson's Calgary Orchestra
THREE HILLS ELKS LODGE No. 190

WHAT DOES IT MEAN?
POLYMERIZED
PURITY "99" MIRACLE
GASOLINES

MEANS . . .
ECONOMY
"Polymerized" of Purity and Miracle
"99" gasoline means extra mileage — as
much as 12% by actual test—because the
uniform molecules produced by the process
give smoother, cooler operation.

PERFORMANCE
"Polymerized" gasoline achieves higher
octane standards with a lower lead con-
tent. Your motor operates closer to its
rated capacity at lower temperatures, with
a notable improvement in all-round per-
formance.

LONGER MOTOR LIFE
Marked improvement in carburetion given
by "polymerized" gasoline, with cooler mo-
tor operation mean longer life for your
motor. "Polymerized" gasoline reduces the
danger of burned valves.

Change to Purity or Miracle "99"
Gasoline . . . They are "Polymerized"

Drive in at the "99" Sign

LEAGUE OF CANADA
+
TOPICS OF VITAL INTEREST

LOCKJAW MENACE

Use of tetanus toxoid as an immunization agent against lockjaw is advocated by Dr. Nelles Silverthorne in an article in the current issue of "Health," official magazine of the Health League of Canada.

Stating that there is probably no more terrifying or painful disease than lockjaw, Dr. Silverthorne, on the staff of the Toronto Hospital for Sick Children and chairman of the National Immunization Committee of the Health League, adds that it menaces every child. The germs are widely distributed in the soil and in street dust.

Dr. Silverthorne emphasizes there is now available, either singly or combined with other immunization agents, tetanus toxoid.

"Tetanus toxoid builds up protection in the body of the child so that he or she will ultimately develop high protective levels of antitoxin against lockjaw for a period of years," he writes. "When an injury occurs an additional dose of tetanus toxoid may be given a very simple and non-reactive substance to administer. The importance of actively immunizing military personnel against tetanus has not been overlooked, and we know that many of the Allied armies have received tetanus toxoid. Surely, it is equally important to protect our children against this disease."

"Naturally, one does not like to hear of the death of a child from lockjaw, yet no less than 31 children have died of this disease in the Hospital for Sick Children in 22 years. If parents could witness the cruel torture these children go through with this terrible disease, there would not be a parent who would not seek protection against lockjaw for their child or children."

Dr. Silverthorne says that the treatment usually given after an "serious accident"—an injection of tetanus antitoxin (horse serum)—lasts only from 10 days to three weeks. Also, the serum can cause reactions.

And, because "one does not wish to be constantly injecting materials into children" who are always injuring, scratching or cutting themselves, he advocates use of either singly or combined with other immunization agents, tetanus toxoid.

"Tetanus toxoid in three initial doses, followed in one year with a refreshing dose, which in practically all instances has no reaction, should be given to all children," Dr. Silverthorne concludes.

Another War Trophy

Table On Which Negotiators Signed The Munich Agreement

Another Czech war trophy has come to light. It is the table on which the British, French, German and Italian negotiators signed the Munich agreement dismembering the republic. Hitler ordered it taken to the monastery at Viseky Brod for some obscure reason, where it was found with a number of art objects from Vienna, Paris and Amsterdam.

LIFE'S LIKE THAT

By Fred Neher

COMFORT—IN THE MODERN STYLE, is the keynote of cafe-parlor car 6551, recently converted and now in service on the Kettle Valley run between Calgary and Penhold. Furniture follows modern lines, appears in the popular bleached wood effect. Aluminum bells shade the table lamps, wider windows give better view of the mountain scenery and dark mahogany woodwork has been replaced by pastel shades of blue blending with blue grey of sidewalls and a rust-colored carpet. No. 6551 is first of six cars to be converted for the Calgary-Penhold run. The other five will be similarly redesigned, air-conditioned and furnished between now and October. Above, a fair passenger enjoys the convenience of the magazine rack and reading lamp.

Matter Of Training

Some People Hear Things That Others Would Never Notice

A great naturalist, while riding in a noisy and crowded subway in New York City, suddenly exclaimed, "I hear a cricket!" His friend could not believe it, for he had heard nothing, but after a short search the cricket was found in the corner of the car. The friend marvelled that he could detect such a sound in the midst of all the city noises. Later, when the naturalist and his companion were walking up a busy street, he dropped a thin dime on the sidewalk. The companion stopped, whereupon the naturalist remarked, "We hear that which we are trained to hear."—Wesleyan Christian Advocate.

Gifts For Rescuers

R.A.F. Fliers Appreciated Kindness Of Villagers In New Guinea

Natives in a New Guinea village saved the lives of two crashed fliers of the R.A.F. They fed them and guided them for two weeks past Japanese positions.

Soon after the airmen got back a plane flew over the village and dropped parcels containing brightly colored cotton trousers, shirts, razor blades (greatly prized because they can be made into so many things), barbed wire, scissors, knives, jackets, fishing lines for stringing bows, medical supplies.

And a big dog for Lazarus, the small son of the village mission catechist. Australian Newsletter.

Guinea is one of the oldest known materials.

WORLD HAPPENINGS BRIEFLY TOLD

Diners were arrested at their tables when police raided one of the super black market restaurants in Paris.

Blacksmiths in Norfolk and Suffolk are being offered subsidies to train apprentices in the old-fashioned art of horseshoeing.

Britain's ration of tea has been increased to 2½ ounces weekly per person, as against the present two-ounce ration, the Ministry of Food said.

There is little prospect of Britain building a new liner of the dimensions of the 80,000-ton Queen Mary and Queen Elizabeth, an official of the Cunard White Star Line said.

Five thousand students are expected to register at the University of British Columbia this September, Dean Daniel Buchanan said. The university is built to accommodate 1,500.

The "flying boxcar," newest type of freight-carrying plane, already in operation between more than 50 United States and Mexican cities, shortly will be flying between Canada and United States.

Military authorities announced that during the period between VE day and June 30, 31,772 service personnel passed through Halifax. They arrived in 14 ships and left the city in 87 trains.

Col. E. A. Baker, managing director of the Canadian Institute for the Blind, told the institute's annual meeting plans have been made for a post-war travelling clinic to visit Eskimo settlements in the Arctic.

Hitler offered the equivalent of \$225,000 and the highest honors bestowed by the Reich to any U-boat crew who could sink either the Queen Mary or the Queen Elizabeth, Britain's biggest liners, the London Daily Express reports.

Could Start Over

Germany Has Wonderful Chance To Break With The Past

A 100-year old nation is still young. She can still absorb education and learn new ways if she has a mind to it and puts her heart into it. Germany today hasn't much else to do. She is no longer a going nation; she is down and out; she has lost everything. Now she has a chance to break with the past and start life over again. It is a chance that many a man and many a nation can envy her.—New York Times.

A Serious Menace

Scientists Say Cracked Cup Is Good Bloodout For Germs

Wiping a cracked cup in his hand, a medical friend of ours very successfully scared us about some germs we haven't been giving much thought to, but particularly about the plagues and pestilences which might get loose to wreak new mass slaughter on the world following the war in Europe.

The cracked cup, he pointed out, is an increasingly serious health menace because hard-pressed restaurants now have so many more of them and because restaurant eating has so vastly increased. (Around 93 per cent during the war years in Canada, DRS.)

Our friend cited a recent scientific study to prove that the crack in a cup proves a superb bloodout for most of the germs supposed to be killed or removed with commonly approved kinds of restaurant washing.

He related a disturbing digest of this special study which found a high proportion of washed cracked cups carrying the bugs that give boils, mouth and throat infections, blood poisoning, scarlet fever, diphtheria, typhoid. Regular cracked cup restaurant eating, he reported, also exposed themselves to tuberculosis and syphilis. Financial Post.

Service Restricted

But Private Citizens May Now Send Parcels To France

Restricted mail service to France is now in operation. Transmission of food, toilet articles, drugs and used clothing by parcel post is now permissible.

The total weight of a parcel must not exceed 11 pounds nor must it exceed a value of \$5. The sending of parcels is limited to private citizens and must not be undertaken by relief organizations.

No one sender may send more than two parcels per week, each of which must be to different addresses. The parcels are restricted to gifts addressed to private individuals in France and must not include commercial shipments.

The contents must be listed in detail. The term "clothing" will not be sufficient to describe items of used clothing. They must be described as "used clothing."

Buy War Savings Stamps regularly.

Used Astrology Too

British Got Many Valuable Hints From Hitler's Horoscope

Among all the secret weapons listed as "now it can be told," none enhances the imagination more than hand-headed John Bull's use of astrology.

The story is that, aware of Hitler's faith in such readings, the British had the Fuehrer's horoscope cast every day, just as he did. Thus they knew as soon as he what hints he would get from the stars and regularly stole his famous intuition.

The plan worked, too, according to the report. They were able to forestall several of his moves.—Chicago Daily News.

Needlework Variety

by Alice Brooks

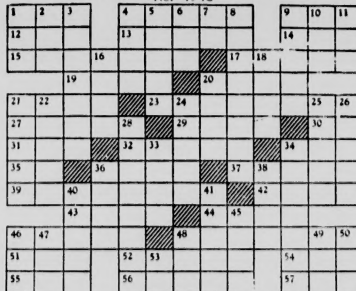

Why envy your friends their lovely linens? Dress up your own with flowers, boxes and butterflies in simple, easy-to-do embroidery.

Designs suitable for every type of linen from handkerchiefs to pillow cases. Pattern 7017 has 16 motifs from 1" x 9" to 3 1/2" x 3 3/4" inches.

To obtain this pattern send twenty cents in coins (cannot be accepted) to Household Arts Department, Winnipeg, Newspaper Union, 175 McDermott Avenue E., Winnipeg, Man. Be sure to write plainly your Name, Address and Pattern Number. "Because of the slowness of the mails delivery of our patterns may take a few days longer than usual."

ICED TEAOUR COMPLETE
SHORT STORY—

Romance, Limited

— By —

ARTHUR ST. CLAIRE

McClure Newspaper Syndicate

There's no doubt about it—Sally Lane was born many years too late. She just didn't belong in this matter-of-fact whirling world of today, stripped of romanticism and chivalry. No indeed, she would have been much happier way back when men were unflinching in their gallantry toward women.

Swing music wearied her—how strident the strains of strings and flute must have been. Rhythms appalled her, but ah, the music! Sally loved history. At least that part which dealt with famous women and the attentions showered upon them by their lovers. Du Barry... de Maintenon... Cleopatra... Josephine... Lady Hamilton. She knew them all... she envied them.

Alex, a young plumber, had asked Sally to marry him, but Sally could not bring herself to say yes. And one can hardly blame her. Then fate took a hand. Sally met Armand Delacruz, reeking with Shakespeare and poetic phrases, both on the stage and off. The stage? Well... the little community theatre.

"Fie on this stupid notion, which knows no better word than 'charmed,'" is actually what he said upon his introduction to her. Right off page forty-three, but he clicked with Sally. And the deep courteous bow that went with it... Oh, boy!

He walked home with her. She didn't say a word; just drank in his every word and gesture, and this Armand had plenty on the ball. He left her at her door, fluently rolled off "this sad, fond parting," and believe it or not, kissed her hand with a great and dignified flourish. Sally went down for the third strike.

In bed that night, after she'd thanked God for sending Armand around, there he was in her mind's eye, cutting a wide swath in the court of Elizabeth... garbed in flowing scarlet cape, embroidered with, in doubt, striped lights, clinking sword, Cordevan boots and a little Vandike beard. The beard she shaved off instantly... it didn't become him.

But when she saw him the next night, he was somehow still wearing the same shabby tux. Sally didn't mind because he took her to an inexpensive little Italian restaurant, where she learned about... a jug of wine and thou... "Nowhere in this wide world could Armand have found a better audience than little Sally.

The night he gave her a load of the Indian Love Lyrics, they were rowing on the lake in Central Park. He'd just rested the oars when he said, "... whether you drifted down my way... on the great sad river of change and change it... shall say..." The boat was drifting toward a motor launch filled with squealing youngsters, and when Armand had successfully dodged it, he further quoted, "... take what fate or the gods may give you."

Sally couldn't wait until morning to tell her mother that Armand had at long last expressed his love for her... undeniably. "Mother... Mother," she said after waking her "he's so grand... so romantic."

"That's fine. Go to bed," said her mother.

"Mother... he's so grand... so romantic! I think... I think he's going to ask me to marry him."

Here's a SENSIBLE way to relieve MONTHLY FEMALE PAIN. Lydia E. Pinkham's Vegetable Compound not only helps relieve periodic pain but ALSO accompanying nervous, tired, light-headed feelings—when due to functional monthly disturbances. It's one of the most effective medicines for this purpose. Pinkham's Compound helps nature follow her direction. Write for full directions.

Money And Greatness

Jack Miner, Canadian Naturalist, Left A Small Estate

The impression prevails that in order to have influence and fame, a man must be in possession of wealth—the more money he has, the greater, and more extended his reputation as a great citizen.

But this theory is completely blasted by the probate of the will of the late Jack Miner. This famous Kingville Canadian naturalist's total estate consisted of real estate valued at \$10,500, being the Government valuation of his farm in connection with his bird sanctuary which is owned by the Jack Miner Foundation.

Jack Miner was not blessed with great worldly wealth, but he possessed something far more valuable—the admiration and affection of his fellow-men. He was an outstanding example of a comparatively poor man, of modest education, who rose to the ranks of the internationally famous because he had a great heart full of love for all of God's creatures.

He befriended birds and animals, and through his writings, and addresses, known in all parts of this continent, he instilled into the minds of men and women a love for the beauties of nature and the responsibilities which human beings bear towards the lower forms of animal and bird life. At the time of his death he was rated Canada's best known private citizen and one of the five best known in the world. Eddie Guest, the Detroit poet, referred to him as "the best loved Christian in America."

Money is not necessary to true greatness. The life of Jack Miner proves it conclusively. Guelph Mercury.

Russia Has Good Idea

Is Giving Homes To Generals Instead Of Cash Awards

The New York Herald Tribune says: Great Britain in past years has granted peerages and cash awards to its outstanding war leaders.

The total cash grants to the Duke of Wellington came to more than \$4,000,000, not including an annuity. Field Marshal Sir Douglas Haig received an estate, an earldom and approximately \$500,000 in cash. A new estate was devised in Moscow, where there is an acute housing shortage. Spacious eleven-story apartment houses are being built in choice sections of the city for the generals who beat the German Army on the eastern front.

Beware of crowds in public places. Note exits and make a cool-headed path to them in case of panic.

TELEPHONE FROM YOUR CAR—The American Telephone and Telegraph Co. has announced its plans for two-way telephone service from any moving truck or private automobile by any telephone number, for installation when men and materials are freed from war production. Permission has been sought to make the installations in 13 cities. A mobile subscriber would have to obtain an operator's radio license, but this would be made easy. The car driver would call a telephone exchange which would then connect him with the number requested. Here the driver, while on the road, uses his radio telephone apparatus which is attached to his dashboard.

A COUNTRY EDITOR LOOKS AT OUR CANADA BY JIM GREENBLAT

• **Trade in Canada:** The Hanover (Ont.) Post says if we Canadians aren't a proud people we should be, our history and circumstances giving us cause to be; holding that in comparison with many other countries of the world, Canada would occupy far from a lowly position if living up to our highest knowledge were the test to be applied. "This righteousness expresses itself for the Sabbath Day, high standards of morality, private and business, and the general atmosphere of high idealism found within our borders. These things find expression in our laws and customs and have placed this Dominion high in the rank of world nations." Recognize yourself?

• **Reaching his 50th year as editor of the Barrie Examiner,** James A. McLennan was presented by townsmen friends, 250 of them gathered at an affair in his honor, with an order to have his portrait painted by artist Marion Long, R.C.A., O.S.A.; newspaper friends in Class "A" Weeklies of Canada with an oil painting by Herbert Palmer, R.C.A., O.S.A.

• **Odolities in the Canadian scene:** At the Stampede at the Peace River an event was the wedding on horseback which united Miss Noeren Burton and Melvin Stewart, both of North Pine. Up in years but tough, Robert Sinclair, 75, just suffered a shaking up, and was around next day after being struck by passenger train at Kamloops, B.C. He was thrown clear by an engine completely deaf, he was walking on the right-of-way. Rene Martell, foreman at Donald's Webster camp, near Grand Prairie, Alta., returned to his office and was knocked off his feet when a high black bear came bounding through the glass in the door, by which it had entered in his absence.

An item in the Brantford, Ont., Conservator tells of a Caldon resident, Bert Limbeer, purchasing a 1918 Jewett car in good running order, which has not had a license plate for 15 years. Nancy Crocker of Lund, B.C., heard a disturbance, found four cougar attacking the family goat herd. He shot the mother and three young, bagging 50 in bounties besides.

• **According to the St. Thomas Times-Journal,** a district school teacher got this letter from an irate mother: "Dear Teacher—You keep telling my son, Ronald, to breathe with his diaphragm. Maybe some of the rich children can afford diaphragms, but how about when their fathers make only \$3 a day and he has got five children to keep? First it's one thing and then it's another thing, and now it's diaphragms. That's the worst thing yet."

• **Longest fishing pole in Canada:** A. Newman of the Indian Head (Sask.) News, tuned in CKPR, Fort Frances, Ont., and answered a request for anyone hearing the broadcast. A few days later came a dripping box by express, and a 6 ft. wall-eyed rickie packed in ice. Mr. Newman had been "most distant listener of the month."

Beware of crowds in public places. Note exits and make a cool-headed path to them in case of panic.

Swarms Of Frogs

Village In Britain Had A Lively Time With Invasion

An army of frogs, hundreds of thousands of them, invaded the small village of Newton, near Northwell, Glamorgan. Women with dustpans and brushes, and men and children with sticks and shovels, fought a day-long battle with them.

The frogs, an inch in size, migrated from a meadow, flooded by a storm, to a hayfield on the other side of the village.

Seven houses that stood in their way were "trashed". The frogs entered underneath the back doors, hopped along the passages, and went out under the front doors.

Housewives set up barbed wire. Newspapers were stuffed under all the doors.

"When I came downstairs my house was alive with frogs," said villager Mrs. George Farr. "The passage looked like a moving brown carpet, and I had to walk over a seething mass to get to my kitchen. My living room was full of them."

Mrs. John Roberts said: "I got a dustpan and brush and began sweeping them out, but still they came. It was a dreadful experience."—London Daily Mail.

Find German Weapon

Gun, Partly Installed In Coastal Trenches Near English Channel

A German gun designed to fire six-inch shells against London has been found, partly installed in sandy coastal trenches near the English Channel.

It looks like an oil pipeline. Additional sections of tubing supply "booster" chambers, giving initial muzzle velocity of 4,500 feet a second. The range is 82 miles.

Little-known German weapons found include the world's biggest gun, a 1,750-ton railway gun firing an 8½-ton shell 30 miles and used against Sebastopol; a 15-inch rocket projector on a Tiger tank chassis; and a 10-ton, self-propelled mortar firing a projectile of more than a ton 1,400 yards (slightly more than three-quarters of a mile).

Wrap-and-Tie Frock

By ANNE ADAMS

Here's lazy bad-weather sewing for you! Blouse of Pattern 4772 is all one piece, including sleeves. No side seams. Bust wrap and tie. Drawing neckline; dirndl skirt. Pattern 4772 comes in Misses' sizes 12, 14, 16, 18 and 20. Size 16 takes 3 yards 39-inch material. Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermid Ave. E., Winnipeg, Man. Because of the slowdown of the mails delivery of our patterns may take a few days longer than usual.

CEASES PUBLICATION

The London German language weekly, *Das Zeitung*, ceases publication with the defeat of Germany, its task of enlightening its readers on the German problem finished. It was started in May, 1941, for circulation among German refugees in many countries as well as among prisoners-of-war camps.

LOSS WAS HEAVY

Many millions of pounds of potatoes and grain have been lost in Holland because of the flooding of areas by the Germans, and at least \$2,000,000 worth of agricultural implements have been ruined.

WEDDINGS

**SCHNEIDMILLER—LOWRIE
CAMPBELL—LOWRIE**

On Wednesday, July 25th, at 3:00 p.m. Knox United Church, Didsbury, was the scene of a very pretty double wedding when the Misses Jean and Edith, daughters of Sgt. and Mrs. E.W. Lowrie of Didsbury, became the brides of Mr. Victor Schneidmiller, son of Mr. and Mrs. J. Schneidmiller of Didsbury; and Mr. Murdo Campbell, son of Mr. and Mrs. M. Campbell of Elkton, respectively. Rev. D. Whyte Smith officiated.

The brides, looking very lovely in white satin-brocade dresses with floor-length veils, and carrying red roses, were given in marriage by their father.

The bridesmaids, Miss Lillian Craig, of Red Deer, and Miss Isobel Lowrie, sister of the brides who wore pale blue net over taffeta dresses and carried pink and white sweet peas. Groomsmen were Mr. Walter Schneidmiller and Mr. Laverne Banting.

Miss Margaret Adshead played the wedding music and during the signing of the register, Miss Dora Fawcett sang the wedding hymn. The ushers were Harry and Douglas Schneidmiller.

The church was decorated with many beautiful flowers in shades of blue and white.

After the ceremony a reception was held in the church basement for the immediate relatives.

The happy couples left later to motor to the coast on a short honeymoon.

FRASER—DYCK

The M.B.C. church was the scene of a quiet but pretty wedding on July 24, 1945, at 2:30 p.m. when Miss Orpha Marie, daughter of Mr. and Mrs. A.B. Dyck of Didsbury, became the bride of Mr. Philip Fraser, son of Mr. C. G. Fraser.

The ceremony was performed by the Rev. E. Lawler of Calgary, with Rev. C.J. Hallman, Didsbury, assisting.

The bride entered the beautifully decorated church on the arm of her father, while Mr. T. Elgar Roberts of Edmonton played the wedding march. She looked charming in a floor-length gown of broadened sheer with train and finger tip veil carried with her a bridal wreath and carried a bouquet of tallies roses. The bridesmaids, Misses Sarah and Esther Dyck, sisters of the bride, were gowned in pastel shades of orchid and yellow net over taffeta, with chapel veils held in place with wreaths of flowers. The brides carried bouquets of lavender sweet peas and yellow roses.

Jonnie Waldin, the bride's niece, was the flower girl and she wore a floor-length dress of light green net over taffeta and carried a basket of snapdragons and daisies.

The best man was Mr. Roy Cox of Calgary, while Mr. Ernest Munner and Ward Sherrick were ushers.

The bride's mother was dressed in navy blue with accessories to match, and wore a corsage of pink roses.

Just before the ceremony Miss Margaret Dyck rendered beautifully the song “Because”, and during the signing of the register, Ben Dyck sang “O Perfect Love”.

After the ceremony a reception was held at the bride's home where about 50 guests were served to a buffet luncheon, and the happy couple were the recipients of many lovely gifts. The waiters were Don Dyck, Paul Good, Janet and Eunice Neufeld, Lois West and Gwen Mercer.

After the reception the wedding party motored to Calgary and from there to Banff, Lake Louise, and various points to the north. For going away the bride wore an olive green suit with dark brown accessories.

After a two weeks honeymoon Mr. and Mrs. Fraser will take up residence in Calgary where Mr. Fraser is employed.

Mrs. J.O. Reimer of Brightview, Alta., visited with her sister, Mrs. A.W. Edler and family, and other relatives last week, while here attending the funeral of her father.

Tpr. R. E. McCan and Cfn. W.A. Falk have returned from overseas.

LAC H.F. Patterson was another Didsbury returning this week from Overseas.

Ed Wiggins returned Wednesday last from a trip to the Okanagan, but still thinks Didsbury is hard to beat.

Mona McKibbin returned to her home in Calgary Monday after visiting for a week with Winona Rouleau.

Flying Officer MacNair, K.A.C., left Sunday to report to Winnipeg for further duties. He spent his 30 day leave with his parents. Before returning home from Great Britain F.O. MacNair finished his operational tours on a Pathfinder squadron.

DIDSBURY OLD TIMER, NELS NELSON, DIES JULY 25TH

Nels Olaf Nelson, 88, died at his residence near Didsbury on Wednesday, July 25th.

Born in Wisconsin, Mr. Nelson moved to the Didsbury district 35 years ago, where he followed the occupation of farming.

His wife died in 1905. Surviving are two sons, Carl and E.M. Nelson, both of Didsbury; one daughter, Mrs. V.F. Rotzberg, Thief River Falls, Minn., and 11 grandchildren, four of whom are serving in the armed forces.

Funeral services were held from Knox United Church, Didsbury, on Saturday, July 28th, at 2:30 p.m., with Rev. A.F. Reimer officiating. Burial followed in the Westerdale cemetery. Services were in charge of Didsbury Funeral Home. Pallbearers were Ben Koryshaw, Art Chamberlain, Lawrence Chandler, Vermer Olson, Bert Radford, and Frank Jackson.

W. I. MEETING AT HOME OF MRS. SHELDON OWENS

A very interesting meeting was held at the home of Mrs. Sheldon Owens on Thursday last. An item of business was the report of the delegate to the conference read by Mrs. Owens. Mrs. Robert Robertson gave a talk on the courses offered at the O.S.A. and showed samples of work done there. She also passed on hints gathered during her term at Oids.

A message of congratulation was extended to Mrs. Owens Sr. on the occasion of her 70th birthday. The next meeting will feature a flower contest, to be held at the home of Mrs. J.A. Hughes on August 30th.
